MINISTRY OF CORPORATE AFFAIRS
GOVERNMENT OF INDIA

NATIONAL CONFERENCE
on
CORPORATE DATA MANAGEMENT AND GOVERNANCE
JANUARY, 2018

IICA, an autonomous institute, works under the aegis of the Ministry of Corporate Affairs to deliver opportunities for research, education, and advocacy. It acts as a think tank that curates a repository of data and knowledge for policy makers, regulators as well as Corporate India.

CALL FOR PAPERS

Main Theme: Corporate Data Management and Governance

Broad Themes:
1. Open Data Platforms and Transparency
2. Creating Value with Data Quality Management
3. Implementing Data Governance Frameworks
4. Data Analytics and Business Intelligence for Good Governance
5. Data Dissemination and Stakeholders Expectations
6. Data Governance Use Cases

Selected papers will be awarded with Rs.5,000/- and best three papers will also be awarded suitably.

IICA – CDM Conference

The Indian Institute of Corporate Affairs (IICA) has been engaged to provide support in institutional capacity building within the Ministry by way of organizing trainings, workshops, seminar, conferences, etc.

As part of the project, a conference was envisaged to showcase the progress of the Corporate Data Management Project and to deliberate on corporate data management and governance. The conference is being organised by School of Corporate Governance and Public Policy, IICA and facilitated by Project Management Unit, CDM Project to understand release and to consider the importance of data analysis and its usage. The Conference will include showcase of business intelligence tool developed under CDM, presentation of research papers and panel discussions.
